DC860C28	Aluminum	5-1/4"	15/16"	5/8"	039421

Hinge Reinforcement

HINGE SCR

Mfg #	EZ #
HINGE SCR	039707

- Hinge screw is used to prevent closed doors from being removed from their hinges when the hinge pins are removed.
- When the door is closed the protruding head of the screw enters the corresponding screw hole on the other hinge plate to prevent door removal.

BOLT

- The two steel bracket system is bolted from the inside to the outside of the door jamb.
- System acts like a vise equalizing the force of an attack over the entire door and door frame which helps prevent the splitting of the door and door jamb.
- "Security" is inscribed on the outside plate to act as a visual deterrent.
